1 INTRODUCTION

1.1 Distribution Mechanism Site

Distribution Mechanism solution is built by customising Microsoft Office SharePoint 2007 (MOSS 2007) Platform. The solution consists of the following individual sites

- Anonymous Site – Is the landing point of the Distribution Mechanism solution. Various features available on this site include User Registration, Login, Confirm Registration and Forgot Password.
- Secure Site – Is the landing point once a registered Distribution Mechanism user logs into the Distribution Mechanism solution. This site holds all the Distribution Mechanism Workstream with content
- Large File Website – This website exposes the large content of the Distribution Mechanism (typically > 50 MB in a single file) for upload and download purposes

1.2 Document Audience

This document will assist the registered and to be registered users of the Distribution Mechanism site

1.3 Document Organisation

This document describes the functionality that is available on the Distribution Mechanism site through the following major sections.

- User registration
- Content access
- Miscellaneous features

The following sections will describe each of the above mentioned features in detail.

2 USER REGISTRATION

User registration describes the following features.

- New registration request
- Registration Approval (Self)
- Registration Approval (Administrator)
- Registration Rejection
- Sign In
- Logout
- Edit Information
- Forgotten password
- Change password

2.1 New Registration Request

2.1.1 Pre-Conditions

- None

2.1.2 Access Restrictions

- None

2.1.3 Step by Step Instructions

1. Access the NHS CUI Distribution Mechanism anonymous site through the URL <https://www.cui.nhs.uk>

2. Click **Register with Portal** link on the left navigation menu

NHS Connecting for Health **Microsoft**

4. Depending on the registration process set by the administrator you may receive one of the following confirmation messages.
 - a. Email confirmation: If you have received a confirmation message as shown in the picture below, then you are eligible for self registration confirmation. Please follow steps in section 2.2 to complete the registration confirmation.

- b. Administrator manual approval: If you have received a confirmation message as shown in the picture below, then an administrator has to manually approve the registration. Please find more information about registration approval in section 2.3

2.2 Registration Confirmation (Self)

2.2.1 Pre-Conditions

- The user's organisation is setup for self confirmation by the Distribution Mechanism administrator
- An email with registration confirmation link is received by the user

2.2.2 Access Restrictions

- The user who has registered can only confirm the registration

2.2.3 Step by Step Instructions

1. Open the email containing registration confirmation link
2. View the email in HTML format
3. Click the **Activate Account** link
4. A confirmation notification is displayed to the user stating that the registration is successful

2.3 Registration Approval/Rejection (Administrator)

2.3.1 Pre-Conditions

- The user's organisation is setup for manual administrator approval/rejection by the Distribution Mechanism administrator
- There is a pending registration requests awaiting the administrator approval

2.3.2 Access Restrictions

- Administrators can only approve/reject registrations

2.3.3 Step by Step Instructions

1. Distribution Mechanism administrator approves/rejects the registration request
2. User receives appropriate approval/rejection notification via email

2.4 Sign In

2.4.1 Pre-Conditions

- A registered Distribution Mechanism user account exists in the system

2.4.2 Access Restrictions

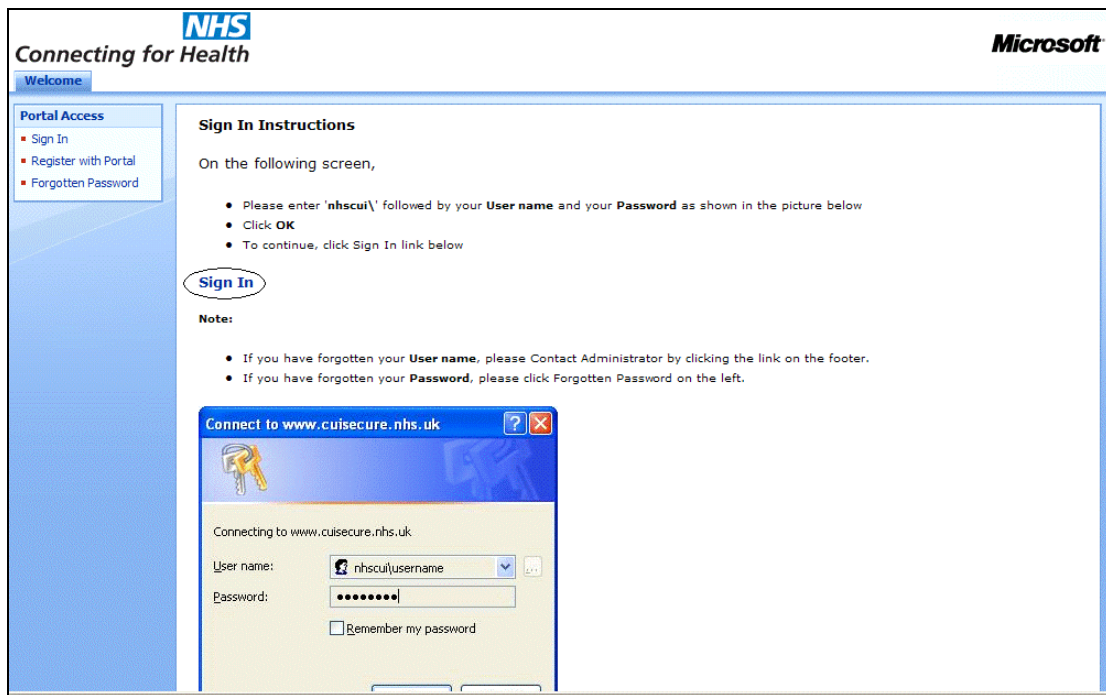

- None

2.4.3 Step by Step Instructions

1. Access the NHS CUI Distribution Mechanism anonymous site through the URL <https://www.cui.nhs.uk>
2. Click the **Sign In** link present in the left navigation menu

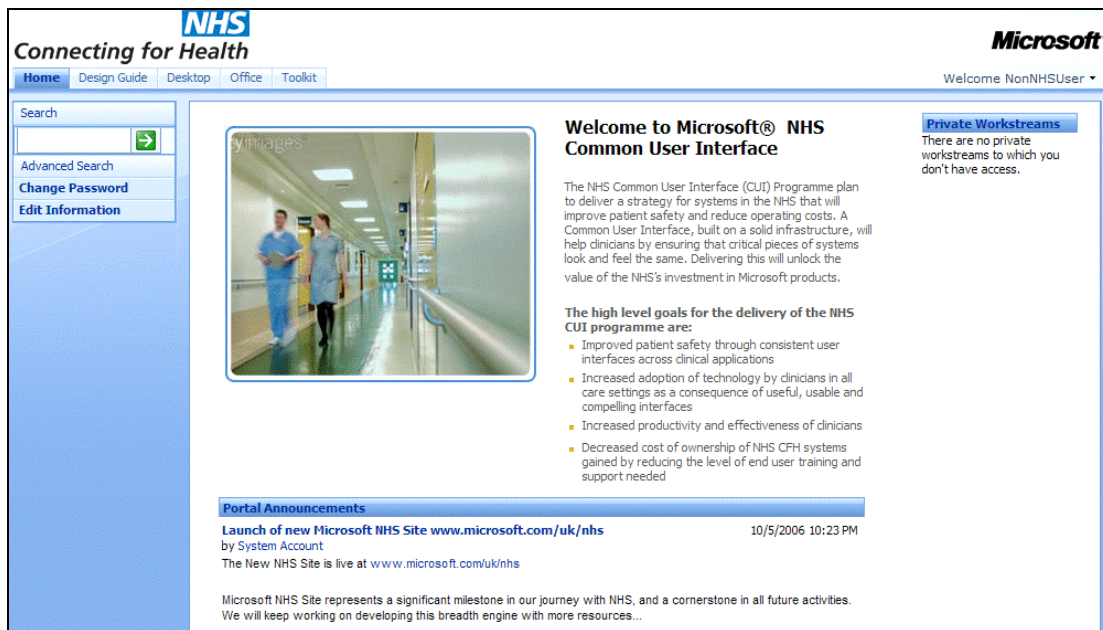

3. In the displayed help page, click the **Sign In** URL present under Sign In Instructions

4. Enter the user name prefixed by the domain name (nhscui) in the **User name** field and the corresponding password in the **Password** field. Click **OK**

5. The Distribution Mechanism Secure Home Page is displayed

2.5 Logout

2.5.1 Pre-Conditions

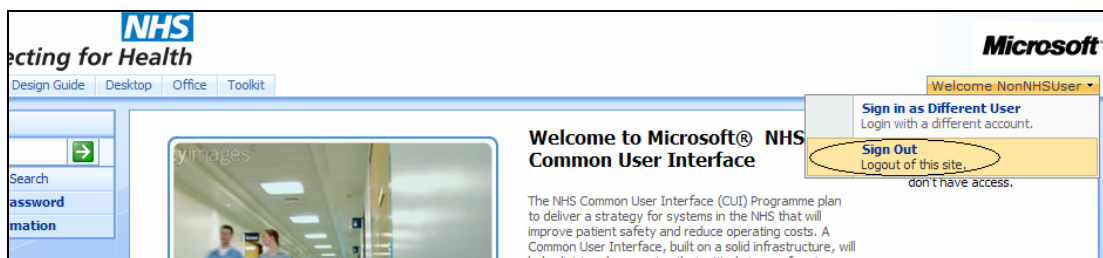

- A Distribution Mechanism user session is in progress

2.5.2 Access Restrictions

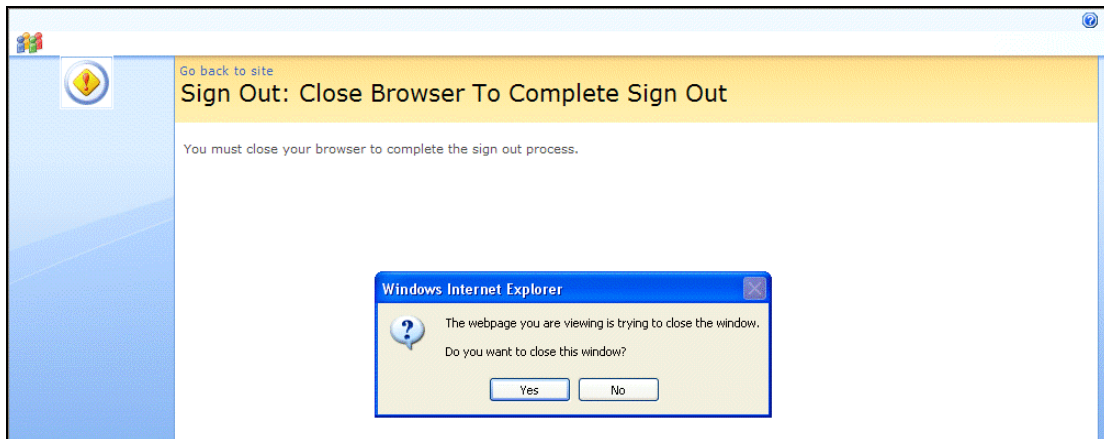

- None

2.5.3 Step by Step Instructions

1. Click "Welcome <username>" drop down present in the top right-hand corner and selection **Sign Out**

2. Click **OK** in the displayed alert box

3. User session is terminated and the browser window is closed

2.6 Edit Information

2.6.1 Pre-Conditions

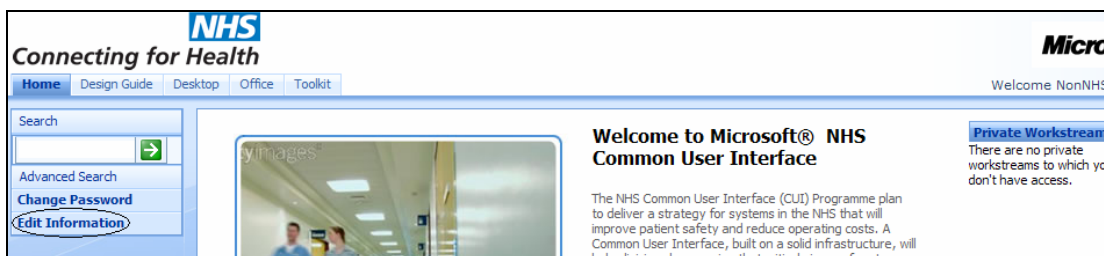

- A registered Distribution Mechanism user account exists in the system

2.6.2 Access Restrictions

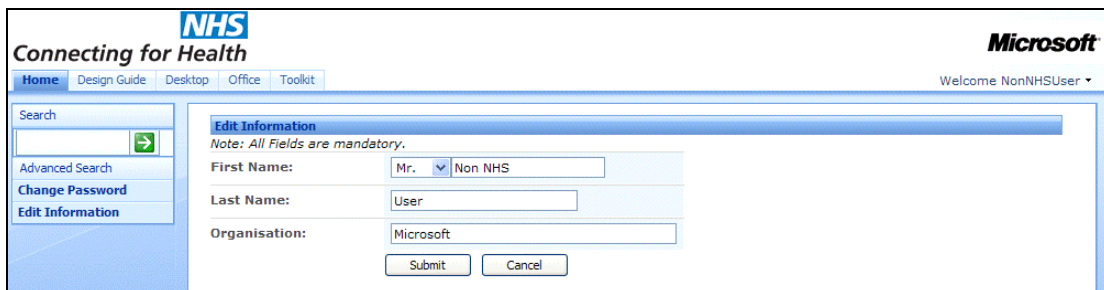

- None

2.6.3 Step by Step Instructions

1. Sign in to Distribution Mechanism
2. Click **Edit Information** link in the left navigation menu

3. Update fields as appropriate and click **Submit**

4. **Details successfully saved** message is displayed

4. The system will check that the email address is a valid email address registered in the system. After validation, the system will reset the existing password to a new password. The new password is sent to the email address specified and a confirmation message is displayed

2.8 Change Password

2.8.1 Pre-Conditions

- A registered Distribution Mechanism user account exists in the system

2.8.2 Access Restrictions

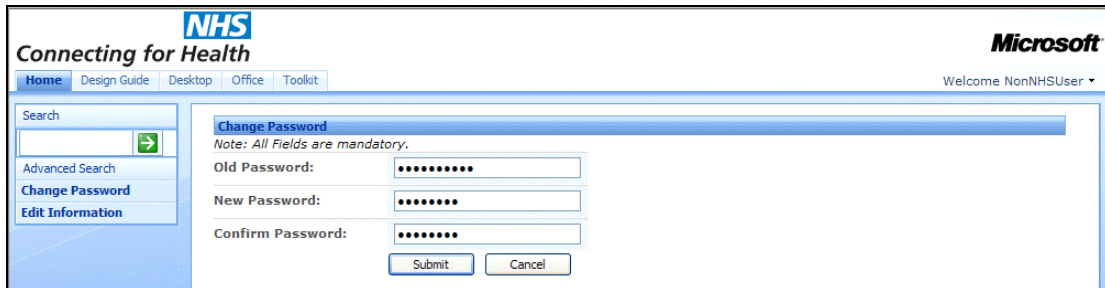

- None

2.8.3 Step by Step Instructions

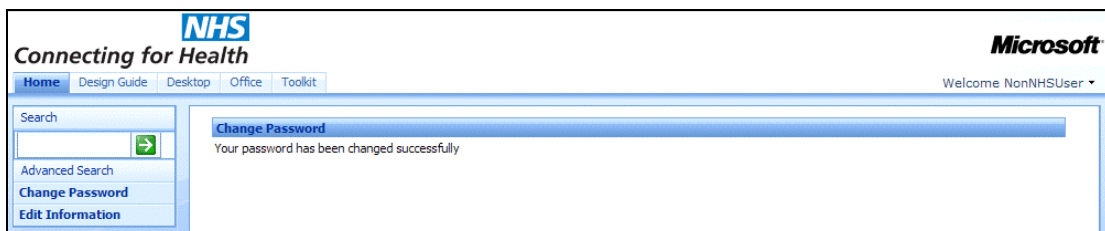

1. Sign in to Distribution Mechanism
2. Click the **Change Password** link present in the left navigation menu

3. Enter the current password in the Old Password field; New password in the New Password and Confirm Password fields; Click **Submit**

4. Password is reset to the one specified and a confirmation message is displayed

3 CONTENT ACCESS

Content access section describes the following features

- Secure Home Page
- Workstream Homepage
- Public Workstream
- Private Workstream
- Document Library
- EULA Acceptance
- Download of regular content
- Download of large files
- Request physical media for large files

3.1 Secure Home Page

3.1.1 Pre-Conditions

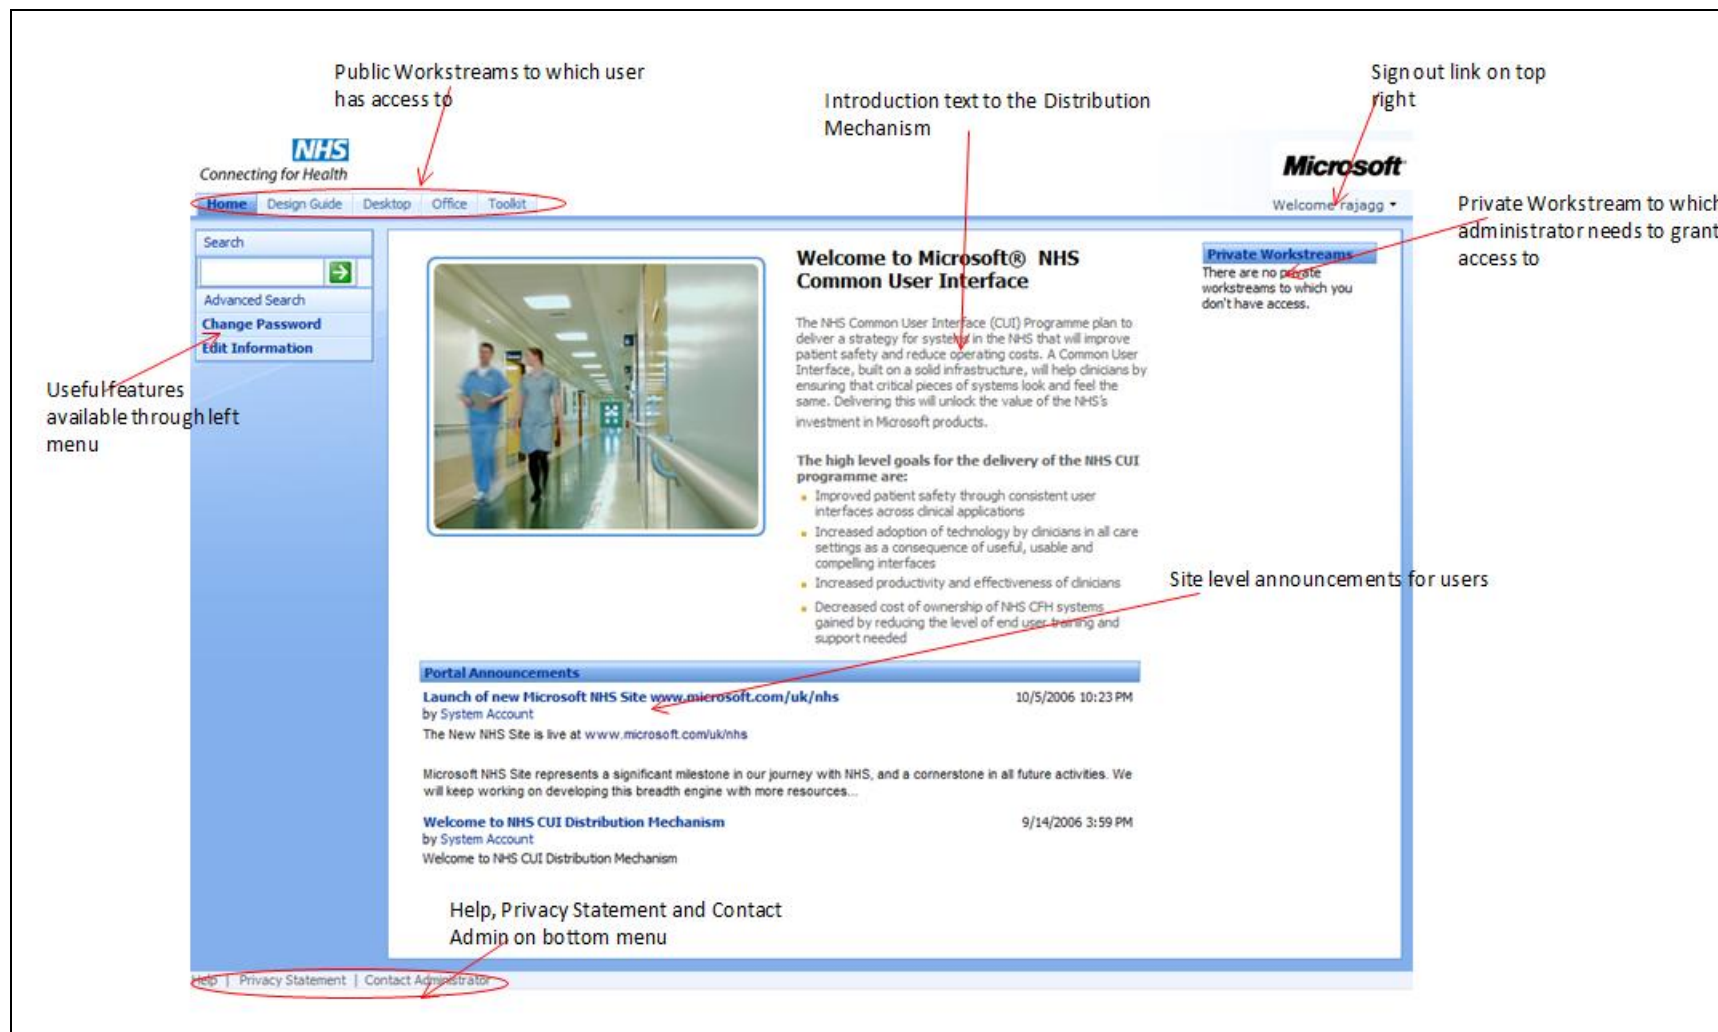

- User is logged on into the Distribution Mechanism site

3.1.2 Access Restrictions

- Active Distribution Mechanism users only

3.1.3 Illustration

The following screen illustrates the Distribution Mechanism homepage explained.

3.2 Workstream Home Page

3.2.1 Pre-Conditions

- User is logged on into the Distribution Mechanism site

3.2.2 Access Restrictions

- User shall have access to the Workstream. All public Workstreams are accessible to all users. Administrator grants access to individual private Workstreams

3.2.3 Illustration

The screenshot shows the NHS CUI Desktop and Infrastructure Workstream interface. The interface includes a top navigation bar with links to Home, Design Guide, Desktop (highlighted), Office, and Toolkit. A search bar is located on the left side. The main content area is titled 'Desktop Workstream' and contains a description of the workstream's purpose, a list of deliverables, and sections for announcements and a discussion board. Red arrows point to specific elements: 'Current Workstream highlighted' points to the 'Desktop' link in the top navigation bar; 'Workstream description' points to the 'Desktop Workstream' title; 'Workstream Announcements' points to the 'Announcements' section; 'Discussion board specific to Workstream' points to the 'Discussion Board' section; and 'Workstream deliverables' points to the 'Deliverables' table.

Desktop Workstream

The purpose of the NHS CUI Desktop and Infrastructure Workstream is to assist the NHS in realising as much value as possible from their Enterprise Agreement (EA) with Microsoft. The Deliverables of this Workstream are intended to support this goal by assisting NHS Entities in moving towards a more mature, secure, centrally managed workstation and server infrastructure. Each Deliverable is targeted at simplifying the tasks and activities that have been identified as potential deployment blockers within the NHS and ensuring that the software covered by the Enterprise Agreement is actually deployed within the NHS.
